My Brother

Sometimes you are a mirror image of me, Beside me in times of trouble you will always be. Sometimes we may get into a fight, But most of the time everything is alright. I know we are not exactly the same, But we both will continue our family's name. You are such a very good friend, I know you'll be there 'til the end. You are a special person like no other, I'm glad to say that you're my brother.
