My Dad

Even though I'm not grown up yet, and I know that I still have many things to learn. I want to thank you Dad, for all the things that you have taught me. *The love and understanding that* you show me makes me know that no matter what I face in the future I will always have my Dad to turn to. I know I will make mistakes but I will try to learn from them. Dad I love you very much and I will try to make you really proud of me. And I will always remember the love My Wonderful Dad gave to me when I needed it the most.
